

# **Board of Directors Chasewood Property Owners Association**

**October 25, 2018**

## **Lot Maintenance Policy**

The Board of Directors, in order to clarify CCR's Article VI, "Maintenance of lots", has adopted the following policy:

### **Developed lots:**

Slopes too steep to use a mower, if not landscaped, should be left to "naturalize", allowing native grasses to grow in order to prevent erosion and slides.

### **Undeveloped (vacant) lots:**

Slopes too steep to use a mower, should be left to "naturalize", allowing native grasses to grow in order to prevent erosion and slides.
